

WHEN Assignment.

In this Assignment you will come Up with a Program that will store some Gross Salary in variable, Then Using If Else...Else if Statements Determine the Monthly Contribution Someone will Pay.

Use Below Image
For Reference.

The image is a screenshot of the NHIF (National Health Insurance Fund) website. At the top, there is a blue header with the NHIF logo and the tagline 'Afya Yetu. Bima Yetu'. Below the header, there are two navigation buttons: 'HOME' and 'ABOUT US'. The main content area is titled 'Premium Rates' and contains a table of premium rates categorized by gross income. The table has two columns: 'Gross Income (Ksh)' and 'Monthly Contribution (Ksh)'. The rates are as follows:

Gross Income (Ksh)	Monthly Contribution (Ksh)
Less than 5,999	150.00
6,000 - 7,999	300.00
8,000 - 11,999	400.00
12,000 - 14,999	500.00
15,000 - 19,999	600.00
20,000 - 24,999	750.00
25,000 - 29,999	850.00
30,000 - 49,999	1,000.00
50,000 - 99,999	1,500.00
Over 100,000	2,000.00
